The success of IJAMT, beyond doubt, goes to the sterling support of the viewers who have spent much of their time and provided constructive criticisms to ensure the submissions are of consistently high quality.

Springer's Senior Editor, the Editor-in-Chief and the Regional Editors would like to express their sincere gratitude for the reviewers' contribution. We would like to acknowledge the reviewers and publish the names of the top and the honours row reviewers based on the quality, timeliness and number of articles reviewed. Springer will present a Book Award to the reviewers for their great effort.
