**Erratum to: Appl Microbiol Biotechnol**  
**DOI 10.1007/s00253-010-2997-1**

The original version of this article, unfortunately, contained a mistake.

The statement “**With an initial glucose concentration of 200 g/l, *D. nepalensis* produced ethanol at a concentration (35.8 g/l) higher than reported for *Kluyveromyces* sp. (8.2 g/l) and comparable with 39.4 g/l reported for *Zygosaccharomyces bailii* (Kumar et al. 2009; Merico et al. 2003)** should be presented as “**With an initial glucose concentration of 200 g/l, *D. nepalensis* produced ethanol at a concentration (35.8 g/l) lower than reported for *Kluyveromyces* sp. (82 g/l) and comparable with 39.4 g/l reported for *Zygosaccharomyces bailii* (Kumar et al. 2009; Merico et al. 2003).**”
